Title of Proposed Research

Have you received an OS Summer Research Grant before? (Provide title and dates of funding)

Applications should be submitted as email attachments by December 1, 2023 to the office of the Editor in Chief at ospui@mit.edu. Complete applications must include the following (please check boxes to confirm inclusion)

- This cover sheet
- Curriculum vitae including list of publications, indicating which papers represent research by undergraduate coworkers.
- List of most recent undergraduate coworkers (5-10 maximum) including their first position after graduation and current employment (if known).

- Indication whether your department has a graduate program in chemistry (e.g., Masters degree) and if so, a list of current and recent (past five years) graduate students under your direction.
- List of current research support. Include title of research, source of funding, total amount and amount per year, and period of support.
- Description of proposed research (maximum 3 pages including figures, schemes, and references).
- Letter of support from the Chair of your department confirming the availability of space, equipment, and administrative support for the proposed research and confirming that undergraduate researchers will receive appropriate training in laboratory safety.
